

This year it's a different flu season!

The H1N1 vaccine is your best protection. You should get it.

- H1N1 vaccine is available for everyone 6 months of age and older.
- You can get your vaccine at Peel Public Health clinics.
- If you think you might have the flu, wait until you are better to get vaccinated.
- Pregnant women and children 6 months to 1 year of age must see a doctor to get the H1N1 vaccine.
- Children 6 months to 9 years of age will require 2 vaccinations. There must be at least 21 days between the first and second vaccine.
- The H1N1 vaccine is FREE.
